

Mike Gardner

Director of Motorola Intelligent Systems Research Lab,
and Fellow of Technical Staff
Motorola

Mike Gardner is the Director of Motorola's Intelligent Systems Research Lab, and a Fellow of Technical Staff. He leads Motorola's Driver Advocate Research Program which is exploring context aware, driver workload management systems using both car-centric and nomadic device-centric approaches. Mike also heads Motorola's mobile electronics human interface testing at his Phoenix based Driving Simulator Lab testing both embedded and carried in electronic devices.

Mike has several patents and disclosures in these various areas as well as dozens of publications and presentations. Mike holds a Bachelors degree in Mechanical Engineering, a Masters in Electrical Engineering, and a Masters in Business Administration.
