

## **Sheila Garness Klauer**

Senior Research Associate,  
Center for Human Factors Research  
Virginia Tech Transportation Institute

Ms. Sheila Garness Klauer has been involved in transportation research for the past 10 years and is currently a Senior Research Associate at the Virginia Tech Transportation Institute. She was the project manager for the 100 Car Naturalistic Driving Study and is currently working on follow-up analyses using the 100 Car database. While at Virginia Tech, Ms. Klauer has also been involved in instrumented commercial vehicle studies investigating the effects of fatigue on both long-haul and short-haul truck drivers. She is currently finishing her Ph.D. degree in the Industrial and Systems Engineering Department at Virginia Tech and will graduate in December.
